

Is it time to upgrade?

Up to
£600[†]
trade in

Trade in your existing precision farming equipment for an EZ-Guide 250, FM-750 or FM-1000 and receive up to £600[†] at a participating new holland dealership.

From the enhanced productivity of lightbar guidance, to the pinpoint accuracy of fully integrated guidance, and the valuable analysis of yield data, our Precision Land Management offering will help maximise yields, control input costs and optimise profits.

Benefits Include:

- Increase efficiency by saving on fuel and labour costs
- Improve productivity, even in dusty conditions
- Adopt controlled traffic farming practices to significantly reduce field compaction and improve overall yields
- Improve comfort by reducing operator demands

2 years finance available at low rate**

With farmers increasingly seeking to:

- Manage costs more effectively and save on seed, fertiliser & chemicals
- Adopt controlled traffic farming practices to improve yield mapping
- Maximise harvest efficiency using integrated GPS solutions
- Be able to work in poor visibility conditions without compromising their crops

Precision Farming has become a necessity for every farmer and agricultural contractor. Leading the precision farming revolution, New Holland's highly intuitive, user-friendly interfaces and integrated GPS solutions provide a wide range of high quality and precision systems.

So, if you are ready to start saving time and money, working more comfortably and getting more out every season with precision farming, New Holland Precision Land Management is ready for you.
